SAMUEL KIDEMI / XCLUSIVE TECH

Social media.
Brand by brand.

Design / Copy / Content planning

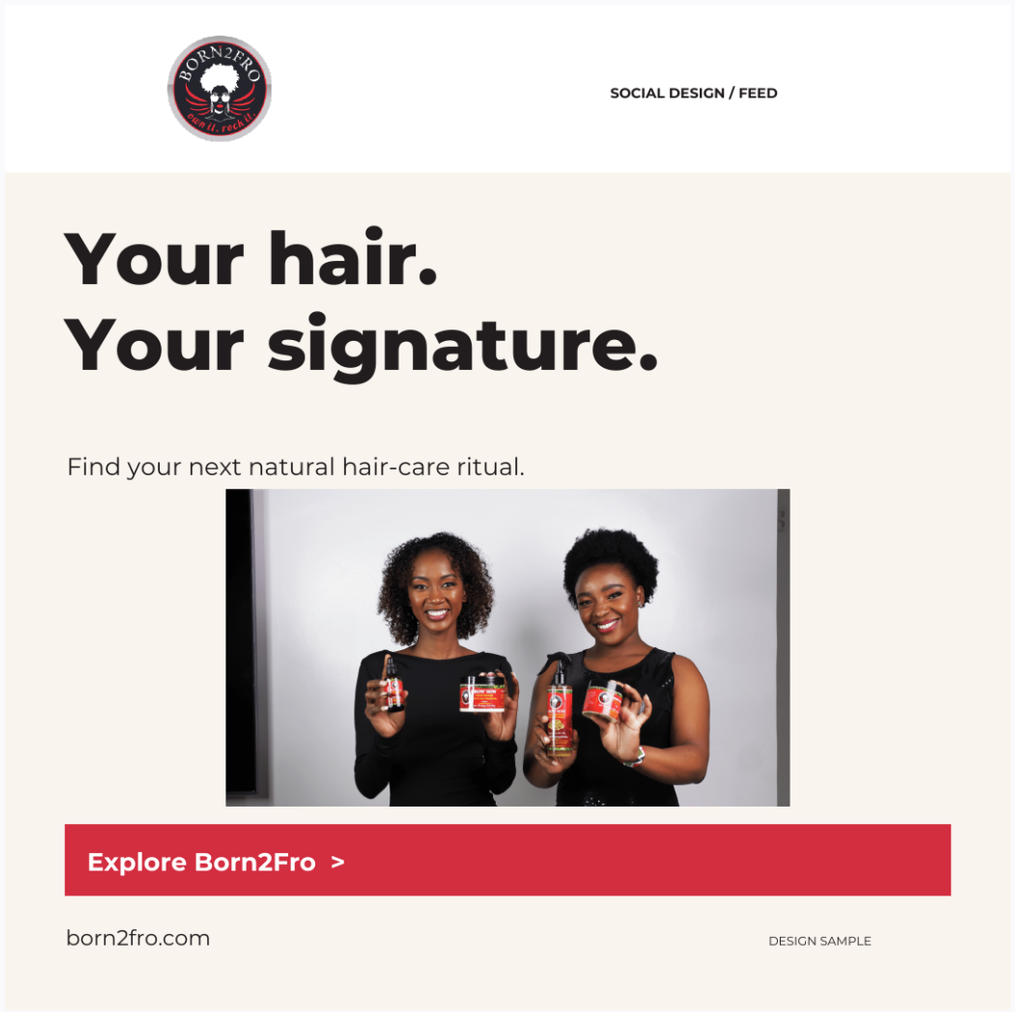

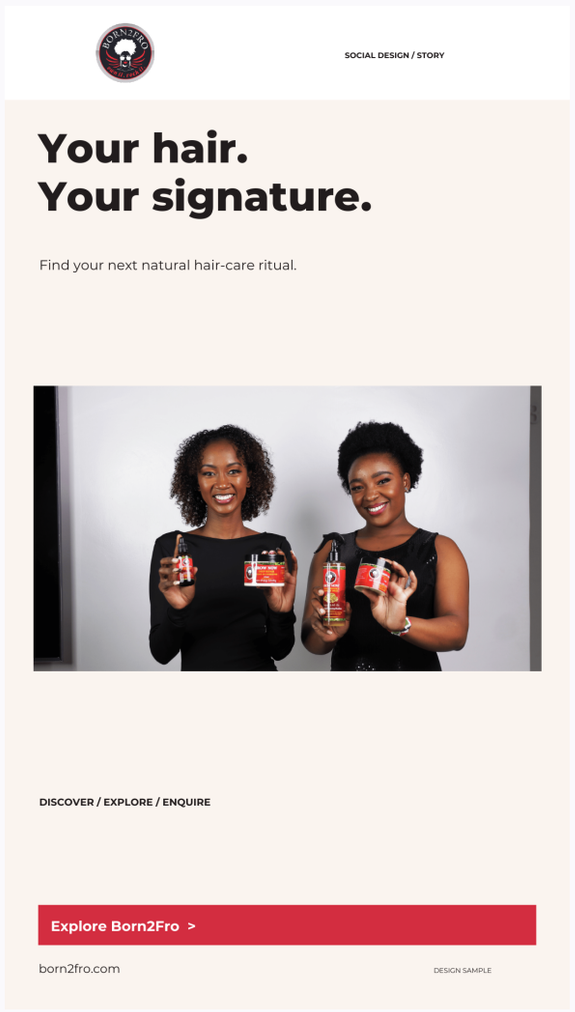

Design samples with brand website imagery. Includes a proposed 30-day publishing plan.

Born2Fro

VISUAL SYSTEM / FEED + STORY

ART DIRECTION

Product photography leads the composition. Charcoal, warm neutrals and red echo the supplied logo and packaging. Strong editorial headlines create a recognisable feed system.

AUDIENCE

Natural-hair and protective-style audiences

CAPTION / FEED

Your texture, your style, your routine. Explore the Born2Fro collection and find your next hair-care ritual.

Born2Fro / Save-worthy content

CAPTION

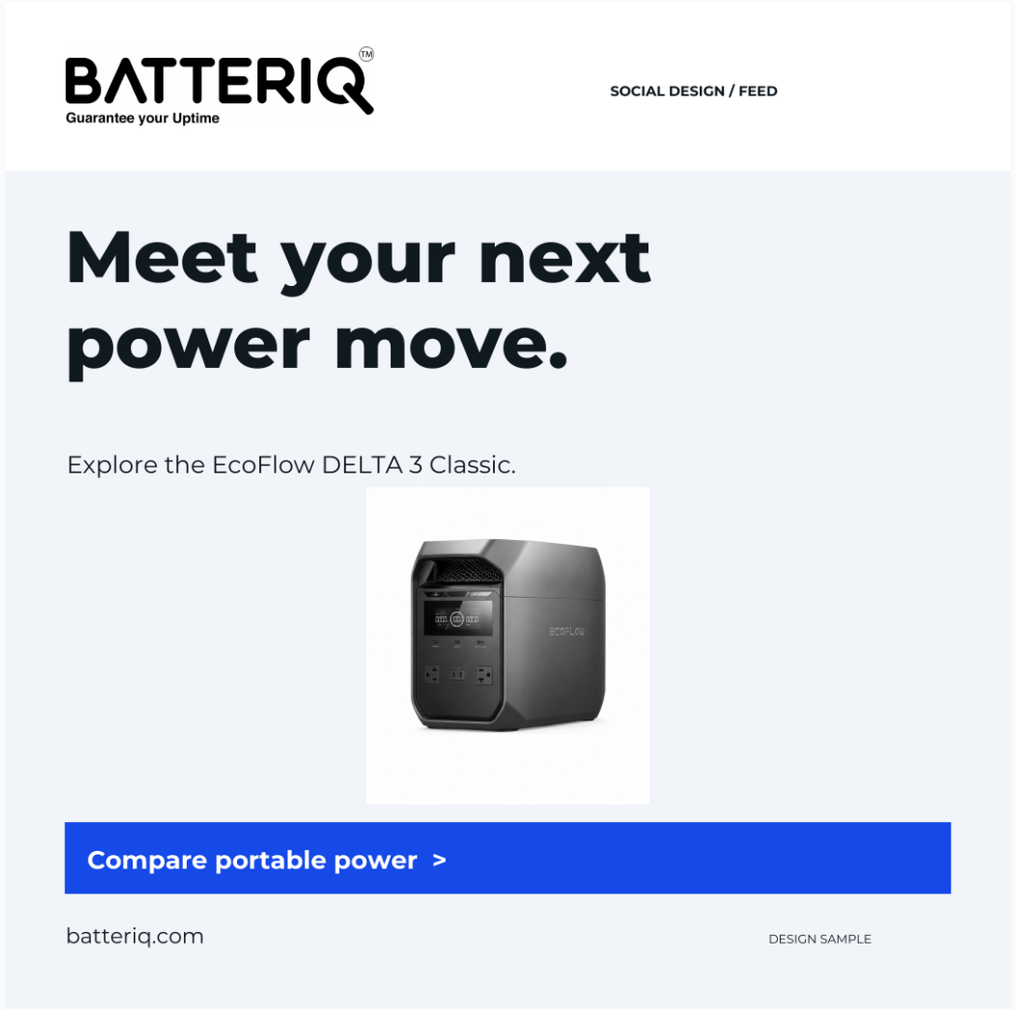

Start with your current routine, styling habits and product instructions. Save this checklist before your next hair-care shop.

PUBLISHING NOTE

Upload slides in order. Add meaningful alt text. Verify product and service information with the brand before publication.

Batteriq

VISUAL SYSTEM / FEED + STORY

ART DIRECTION

A clean product-led layout pairs an actual catalogue image with an electric-blue editorial system. The copy names the model without introducing unverified capacity, price or runtime claims.

AUDIENCE

Home-office users and portable-power shoppers

CAPTION / FEED

Explore the EcoFlow DELTA 3 Classic at Batteriq. Review the current specifications and compare it with your device requirements.

Diani Elite Taxi

VISUAL SYSTEM / FEED + STORY

ART DIRECTION

Brand-supplied airport imagery gives the message an immediate service context. Navy and gold reference the existing identity, while the caption guides travellers to provide the information needed for an enquiry.

AUDIENCE

Travellers arranging airport and coastal transfers

CAPTION / FEED

Your arrival deserves a plan. Share your flight details and destination with Diani Elite Taxi to enquire about an airport transfer.

THE 30-DAY PUBLISHING PLAN

Planned activity, not historical campaign performance

30 total posts / 10 per brand / 1 publishing slot per day

MEASUREMENT PLAN

Discovery: profile visits and product-page clicks.

Consideration: saves, replies and qualified enquiries.

Conversion: completed bookings or orders, only when tracked.

Review after each week; compare like-for-like formats and record actual results.

Born2Fro / 30-day calendar

10 planned posts / Instagram + Facebook / Day numbers are relative to campaign start

DAY / FORMAT	TOPIC + CAPTION	CTA / MEASURE

Sources & production notes

Imagery and logos: Born2Fro (born2fro.com), Batteriq (batteriq.com), Diani Elite Taxi (dianielitetaxi.co.ke). Source URLs are included in the website asset manifest.

Brand website images are used as supplied; their original capture or generation method has not been independently verified.

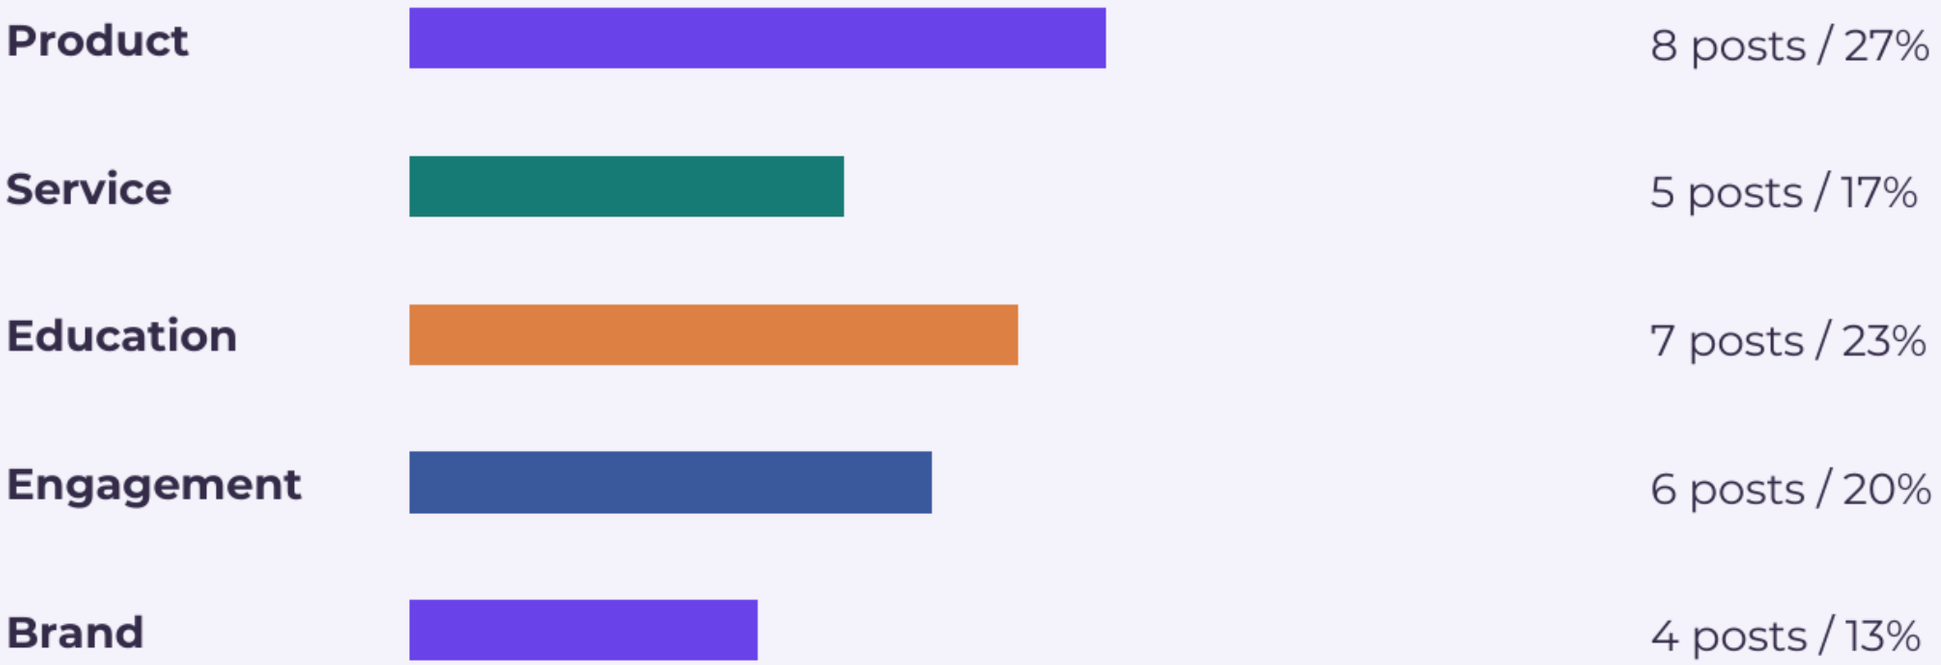

Design and copy are portfolio samples prepared with AI assistance. This portfolio does not claim historical publication, commissioned social campaigns or measured performance.

The calendar is a proposed publishing plan. Reels require approved brand footage before production; planned calendar slots are not all completed creative assets.

Before publishing for a brand: confirm image usage rights, approve copy, check current product specifications and agree on account access. No private account data was used.

CONTENT PILLAR BALANCE

Distribution of the 30 planned publishing slots

Planning distribution only / no reach, engagement or sales results implied

Content planning: balance discovery, education, engagement and service information.

Review actual results after publication before changing the mix.
